

Green Hive[®]

helping Nairn's community & the environment

by Nairn River Enterprise

**RECYCLED PLASTIC
BENCHES AND RAISED BEDS**

About Us

We are Green Hive. We think our name sums us up quite nicely.

Green: because we support a wide range of environmental projects such as beach cleaning, removing invasive species, community trees, and orchard planting. We also recycle and upcycle waste fabrics and plastics at our community workshop.

Hive: because we like to work together, a bit like bees in a hive, getting important stuff done to make life better.

Green Hive is a charity, based in Nairn. We bring people together to improve our local green spaces. Our work started in 2015 with a community project on the river Nairn and about 10% of the town of Nairn (over a thousand people) have volunteered with us since then. Since then we've really flourished.

Our philosophy is simple - if Green Hive is doing well as a charity then it follows that both local people and places will be thriving and happy.

Benefits of Recycled Material

- Zero maintenance and will last for decades
- Easy to clean with just water if need be
- Especially durable around coastal areas
- Impervious to the elements
- Strong design to withstand continued use in public places
- Made to measure and your specifications
- Easy to install/uninstall and reposition

And you will be supporting Green Hive and its aims to create more volunteer places to help the community of Nairn learn new skills and have a positive impact on the environment.

Recycled Plastic Raised Beds

- Made from recycled plastic lumber
- Made to measure
- Easy to install/uninstall and reposition
- Is not susceptible to insect infestation
- Easy to maintain as doesn't need painted or protected from the elements
- Warmer for plants to grow within

Sizes are variable and from 2m x 1m from £350 each, 3m x 1m variable heights around £1k

How it works

To order your recycled benches and/or raised beds to your specification we follow this process:

Conversation between your team and Andy our Enterprise Manager to agree on your specifications.

Andy will come back to you with a full specification sheet, with costs and proposed timescale.

Then once agreed Andy and our team of volunteers will begin the build and come and install. We will ask for some payment upfront so that we can buy the raw materials.

All benches and beds are hand made to order by our team of volunteers and timescales for delivery will vary.

Other Ways to Support Us

Make a Donation

Give a one off donation or donate monthly to enable us to support our volunteers and projects. It's easy and secure through our partner Local Giving.

<https://localgiving.org/charity/green-hive/>

Volunteer

Giving time and helping the local community of Nairn. We have many activities happening every month and you can decide how many hours and what activities you'd like to get involved in. To find out more or head over and book onto one of our workshops.

Partner with us

We are seeking support from local businesses to help us improve the local environment and supporting the local community to live more sustainably. Your financial support can help us to improve Nairn for everyone, and we'd be delighted to share what we can offer in return for a level of support and commitment suited to you and your business.

Please contact our manager Neil Mapes on neil@greenhive.co.uk.
